

Exhibition Reliving School

As part of the celebrations of the 30th anniversary of the MANES Research Centre, from 28 April to 20 May, the exhibition "*Reliving School*" was installed in the Faculty of Education of the UNED. The exhibition included a selection of documents and school material from the historical collection of school documents of MANES. As we have already informed, this historical collection will be guarded and inventoried by the General Archive of the UNED. The organisation of the exhibition, as well as the restoration of some of the pieces on display, has also had the support of the UNED Archive.
