

Workshop: Integration of collections of historical and cultural goods

Workshop: Integration of collections of historical and cultural goods. International Interoperability Image (IIIF), Domain Ontologies and Institutional Repositories

**Centro Internacional de la Cultura Escolar (CEINCE)
Berlanga de Duero (Soria), 23-24 June 2022**

This workshop, organised by the International Centre for School Culture (CEINCE) and the MANES Research Centre, is aimed at professionals in the fields of historiography (general, literary or educational historiography, among others), librarians, archivists and museum curators, who maintain a constant feedback with their users to enable the application of technology to cultural resources. The seminar has the collaboration of the UNED's Laboratory for Innovation in Digital Humanities (LINHD) and the public organism Patrimonio Nacional (Spanish National Heritage).
