

# IES (Secondary Education Centers) in Madrid

This database is a product of the research project *CEIMES, Ciencia y educación en los institutos madrileños de enseñanza secundaria (1837-1936)*, sponsored by the Dirección General de Universidades e Investigación de la Consejería de Educación de la Comunidad de Madrid. Its goal was to develop a plan for the research and transfer of findings relating to the scientific and educational patrimony kept in six of Madrid's oldest secondary schools in order to safeguard and evaluate the material.

This data base includes the school textbooks kept in the libraries of the secondary schools Cardenal Cisneros, Isabel la Católica and San Isidro.
